

Tuesday morning, November 28th, 2023

PAIN, NO GAIN

09:00 09:05	WELCOME	SGV President
		Chairpersons:
09:05- 09:50	Keynote Lecture News from the pain field	J.S. Mogil (McGill University, Ca)
		Chairpersons:
09:50 10:15	Anterior cingulate inputs to nucleus accumbens control the social transfer of pain and analgesia	M. Smith (University of California San Diego, USA)
10:15- 10:40	Experimenter familiarization is a crucial prerequisite for assessing behavioral outcomes and reduces stress in mice not only under chronic pain conditions	A. Tappe-Theodor (University of Heidelberg, D)

COFFEE BREAK- INDUSTRIAL EXHIBITION (30 min)

	Pain recognition in laboratory animal species	Chairpersons:
11:10 11:30	Bristol Rabbit Pain Scale, a multidimensional composite pain scale specific to rabbits	L. Benato (University of Bristol, UK)
11:30 11:50	How to assess pain in chickens?	S. Gebhardt (University of Bern, CH)
11:50 12:10	How to assess pain in cats, sheep and pigs? BY TELECONFERENCE	P. Steagall (University of Montréal, Ca)
12:10 12:30	How to assess pain in fish (wild fish and zebrafish)	C. Pietsch (Berner Fachhochschule; CH)
12:30 12:50	Missing treatment for analgesic treatment in fish	A. Valentim (i3S, University of Porto; P)

LUNCH- INDUSTRIAL EXHIBITION (1h15)

Tuesday afternoon November 28th, 2023

	How to implement the Swiss Culture of Care charta	Chairpersons: B. Ledermann; Marcel Gyger
14:05 14:50	Compassion fatigue	O. Klimecki (University of Dresden, D)
14:50 15:20	Compassion fatigue in laboratory animal science	A. Keizer (COPE Plus, Lucerne, CH)
15:20 15:25	The Swiss Culture of Care Network	P. Jirkof (UZH, CH)
15:25 15:40	Implementation of a Culture of Care program	SGV AWARDEE 2023 A. Bergadano (University of Bern, CH)
15:40 16:05	Improving culture of care through maximizing learning from observations and events: addressing what is at fault.	S. Robinson (University of Manchester, UK)

COFFEE BREAK- INDUSTRIAL EXHIBITION (30 min)

16:35 17:00	New perspectives for teaching culture of care and their strength and challenges	J.L. Tremoleda (Queen Mary University London, UK)
17:00 17:20	Care-full Stories: Developing a training resource to promote and reflect on the 'Culture of Care' in animal research	B. Greenhough (University of Oxford, UK) (animalresearchnexus.org)
17:20 17:35	Culture of Care Award	Presented by J. Parchet-Piccand (EPFL, CH) (awardee 2022)

This course is accredited as continuing education in Switzerland for experimenters and study directors.

Tuesday November 28th 2023: SGV General Assembly at 18:00

Wednesday morning, November 29th, 2023

09:00 09:05	WELCOME	SGV President
		Chairpersons: S. Zeiter, M. Heimann
09:05 09:30	Harm-Benefit analysis in applications for animal experiments	H. Würbel (UNIBE; CH)
09:30 09:55	Balancing of interest in the process of authorization of animal experiments	V. Gerritsen (Tier im Recht; CH)
09:55 10:15	Non-pathocentric dimensions of constraints https://www.zh.ch/de/umwelt-tiere/tiere/versuchstiere-tierversuche/hinweise-zur-gueterabwaegung.html	L. Borsig (ETHZ/UZH; KVT Zürich; CH)

COFFEE BREAK- INDUSTRIAL EXHIBITION (30 min)

10:45 11:10	Difficulties of harm-benefit analysis in fundamental research	R. Zeller (UNIBS)
11:10 11:55	ROUND TABLE AND QUESTIONS	R. Zeller (UNIBS, CH) V. Gerritsen (Tier im Recht, CH) H. Würbel (UNIBE, CH) M. Hengartner (UZH, CH)
	Communication	
11:55 12:15	New initiative for the ban of animal experimentation and other Parliament on-going initiatives	B. Ledermann (President SGV; CH)
12:15 12:35	SAVIR/SGV/FfL Communication Day: lessons learned and why we need to communicate more often.	M. Heimann (SAVIR, CH)

LUNCH- INDUSTRIAL EXHIBITION (1h15)

Wednesday afternoon, November 29th, 2023

	Phenotyping animals	Chairpersons:
14:00 14:25	Measuring behaviour in animal models, a roadmap to improved translational research	Y. Shemesh (Weizmann Institute of Science, IL)
14:25 14:50	The forced swim test: history, experimental and strain effects, shifting focus away from the Forced Swim Test.	A. Armario (Univ. Autonoma de Barcelona, E)
14:50 15:15	The rearing environment persistently modulated mouse phenotypes from the molecular to the behavioural level	I. Jaric (UNIBE; CH)

COFFEE BREAK- INDUSTRIAL EXHIBITION (30 min)

	3R session	
15:45 16:10	Accelerating the transition to animal-free innovation: A transformative governance approach.	(Radboud University, NL)
16:10 16:25	Ordinances revision 2023 Annual statistics 2022	Federal Veterinary Office (BLV/FSVO; CH)
16:25 16:50	Handling methods affects measures of anxiety, but not chronic stress in mice	J. Novak (UNIBE, CH)
16:50 17:05	Outcome of the surplus animals: an example from the industry	D. Breustedt (Novartis, CH)
17:05 17:30	Aseptic surgeries (Outcome of the survey); a systematic review.	P. Seebeck (UZH, CH) and S. Zeiter (AO Foundation Davos, CH)

This course is accredited as continuing education in Switzerland for experimenters and study directors.
